Celebrating Serving Niagara

Key Note Speaker

Cindy Forster

MPP for Welland Riding

Discussing: **Bill 135: Protecting Vulnerable Persons in Supportive Living Accommodation Act, 2017**. Forster's bill, the Protecting Vulnerable Persons in Supportive Living Accommodation Act, would put in place licensing rules for privately operated SLAs, as well as increased protections to prevent mistreatment of vulnerable high-risk adults and seniors living in this type of housing. Included among the safeguards proposed in Forster's bill is a provision that would require housing providers to be provincially licensed in order to collect ODSP cheques and other types of support payments on a resident's behalf.
