

MEMORANDUM

TO: Mayor Gibson and Members of Council
FROM: William Kolasa, C.A.O.
SUBJECT: Updated Information regarding Cannabis Retail Sales
DATE: January 8, 2019

Provincial Regulation regarding 2019 Cannabis Retail Sales Locations

The purpose of this memorandum is to provide Members of Council with new, breaking information regarding the issuance of a new regulation (Ontario Regulation 497/18) made under the Cannabis Licence Act, 2018, that may be relevant to Council's consideration of the retail sale of cannabis in the Township.

The new regulation (copy attached), which was published in the Ontario Gazette on December 29, 2018, establishes maximum numbers and allocations of new cannabis retail sales stores throughout the Province for the period up until December 13, 2019.

During this first year, the Province is limiting the number of Cannabis Retail Sales stores to twenty-five (25) across the entire Province. Those 25 stores will be allocated as follows:

1. Up to 5 retail store authorizations in the Toronto Region.
2. Up to 6 retail store authorizations in the GTA Region (Durham, York, Peel, Halton).
3. Up to 5 retail store authorizations in the East Region (Stormont, Dundas and Glengarry; Prescott and Russell; Ottawa; Leeds and Grenville; Lanark; Frontenac; Lennox and Addington; Hastings; Prince Edward; Northumberland; Peterborough; Kawartha Lakes; Simcoe; Muskoka; Haliburton; Renfrew).
4. Up to 2 retail store authorizations in the North Region (Nipissing; Parry Sound; Sudbury; Greater Sudbury; Timiskaming; Cochrane; Algoma; Thunder Bay; Rainy River; Kenora).
5. Up to 7 retail store authorizations in the West Region (Dufferin; Wellington; Hamilton; Niagara; Haldimand-Norfolk; Brant; Waterloo; Perth; Oxford; Elgin; Chatham-Kent; Essex; Lambton; Middlesex; Huron; Bruce; Grey; Manitoulin).

The regulation also establishes that no retail store may be located in a municipality with a population of less than 50,000 (during this first year). If a retail store were to establish within Niagara Region in the first year, therefore, they could only potentially be located in Niagara Falls, St. Catharines and Welland (provided that those municipalities do not opt-out of retail sales).

For this term, the Alcohol and Gaming Commission of Ontario will be conducting an Expression of Interest Lottery (opening on January 7th, closing on January 9th, with the lottery being held on January 11th) to allocate stores to open on April 1, 2019 (attached is a Factsheet from the Alcohol and Gaming Commission of Ontario detailing the EOI Lottery).

Public Comments and Other Municipal Positions Taken

At its meeting of December 18, 2018, Council deferred consideration of Report ASR-040-2018, until January 8, 2019, in order to invite members of the public to submit their written comments regarding the matter of Cannabis Retail Sales to Council. Since that date, numerous submissions have been formally received by Council – and are summarized in the updated and attached Schedule “B” (to Report ASR-40-2018). Also attached is a table depicting municipalities in the Province that have made a decision regarding opting-in/opting-out.

Petition for Broader Municipal Control of Cannabis Retail Sales Locations

Whether the municipality elects to opt-in or opt-out at this time, there is a broader concern that has been recognized by many municipalities: the limited ability of municipalities to regulate the location of cannabis retail stores within their municipalities in order to prevent youth from accessing cannabis, to minimize social harms and to address safety issues. To that end, many municipalities have been petitioning the Provincial Government to provide municipalities with regulatory authority to restrict the location of cannabis retail stores based on proximity to municipally-sensitive land uses such as community centres, arenas and recreation facilities, youth facilities and even other cannabis retail stores. Council may wish to consider including such a petition to the province in conjunction with their decision regarding cannabis retail stores in the Township.

Legalization of Cannabis – Other Issues

Finally, although Council is presently dealing solely with the matter of cannabis retail stores; staff have been working on the preparation of a comprehensive report addressing other issues associated with the legalization of cannabis including:

- Development of internal municipal policies addressing cannabis use;
- Review of Smoke Free Ontario legislation, including the Regional Municipality of Niagara’s By-law No. 112-2013 to protect children and vulnerable persons from exposure to second-hand smoke;
- Review of the role of existing Township regulations regarding Medical Marijuana (current planning and business licensing regulations) and their applicability to broader recreational cannabis situations.

A fulsome report will be returned to Council addressing these, and other matters, at an upcoming meeting.

Alcohol and Gaming Commission of Ontario Cannabis Retail Store Licensing Expression of Interest (EOI) Lottery

Preamble

On December 13, 2018, the Government of Ontario announced that a temporary cap of 25 Retail Store Authorizations will be imposed while cannabis supply stabilizes. The Government of Ontario remains committed to permitting the opening of cannabis retail stores in Ontario on April 1, 2019.

As set out in Ontario Regulation 468/18, the Government of Ontario gave the Alcohol and Gaming Commission of Ontario (AGCO) the mandate to hold a lottery to determine who may apply for Retail Operator Licences.

AGCO has established Expression of Interest Lottery Rules (Rules) with the specific intent to:

- conduct a lottery that provides a fair and transparent opportunity for potential operators to apply for a licence to operate a cannabis retail store
- support the government's objective of providing a safe, legal alternative to the illegal market by having licensed operators open cannabis retail stores on April 1, 2019
- regulate licensed retail operators in the public interest.

The Expression of Interest Lottery covers a period of time from January 2, 2019, when the Rules are published, to December 13, 2019, when Ontario Regulation 468/18 will be amended. This period of time is referred to as the "Lottery Process" and is the timeframe established by the government for the temporary cap of 25 Retail Store Authorizations while cannabis supply stabilizes.

KPMG will monitor the Lottery Process to assess whether it is conducted fairly. The AGCO has also submitted its lottery software program for independent testing and certification from Gaming Laboratories International (GLI®), an independent testing laboratory which holds international accreditations for compliance with ISO/IEC 17025, 17020, and 17065 standards for technical competence in the gaming, wagering and lottery industries.

Expression of Interest Applications will be accepted online from 12:01 AM Eastern Standard Time (EST) January 7, 2019 until 12:00 PM (noon) EST January 9, 2019. **There is no advantage or disadvantage to when an Applicant submits an application during this timeframe.**

The AGCO intends to publish the results of the lottery, to be held on January 11, 2019, on its website within 24 hours of the lottery selection.

The lottery Rules have been established to encourage the opening of stores on April 1, 2019. Potential applicants who are not committed to opening a cannabis retail store on April 1, 2019 should not participate in this lottery.

To participate in the lottery, potential applicants are required to pay a non-refundable Expression of Interest Fee of \$75 when submitting their Expression of Interest Application.

Subject to AGCO regulatory approvals and Ontario Cannabis Retail Corporation supply requirements, potential applicants should be prepared to sell cannabis under a Retail Store Authorization on April 1, 2019, and understand and be:

- prepared to comply with requirements under the Cannabis Licence Act, 2018, its regulations, and the Registrar's Standards for Cannabis Retail Stores
- committed to act in accordance with the AGCO's mandate to ensure that Ontario's cannabis retail environment operates with integrity, honesty, and in the public interest.

Additionally, **potential applicants for the lottery are expected to carefully review all the rules** to ensure that they are fully aware of, and ready to meet the requirements before submitting their Expression of Interest Application.

In particular, unless otherwise agreed to by the Registrar in writing, within five (5) business days of AGCO publishing the lottery results on the AGCO website, the 25 selected Expression of Interest Applicants will need to:

- submit a Retail Operator Licence Application including a non-refundable \$6,000 fee payment
- provide a \$50,000 Letter of Credit in [the form provided](#).

At any time during the Lottery Process, if the Registrar determines that an Expression of Interest Applicant has not followed the requirements in Ontario Regulation 468/18, or the Expression of Interest Lottery Rules, that Applicant will be disqualified from the Lottery Process. Any pending application for a Retail Operator Licence will be considered abandoned. If a Retail Operator Licence has been issued, the Registrar will revoke the licence.

Throughout the Lottery Process, AGCO will review the Expression of Interest Applicant information for compliance with the Expression of Interest Lottery Rules.

Expression of Interest Lottery Rules

Throughout the Rules:

Public Comments Received**

	OPT-IN
1.	<p>I just wanted to share my view on the Cannabis topic from last night's meeting. Personally, I think it is important to look into the positive financial impact this can have on our community.</p> <p>From my understanding, since we are such a small populated community our financial incentive would be smaller than bigger cities due to our small population.</p> <p>However, I understand that the government is offering profit sharing North of \$100M in revenue.</p> <p>Cannabis is a HUGE industry, and to have profit sharing on this venture sounds fantastic to me!</p> <p>I understand there are Political challenges with supporting this in our community. As I see it, there are Wainfleet residents using Cannabis and if not offered in Wainfleet, will obtain their Cannabis through the next most convenient method.</p> <p>I understand the challenges with allowing Cannabis in the community, but I do not like the idea of passing up legal revenue streams.</p> <p>I recall attracting business to Wainfleet to raise additional funds was a hot topic during campaigning and at the Mayor debate. Well, this is the first opportunity put before us, and I think the potential for this opportunity is very attractive.</p> <p>It appears, and correct me if I am wrong that the government may be offering more incentives to the Municipalities that opt in now, than opting in later. Timing is very important in business.</p> <p>There are a number of commercial locations that I personally think would work for Cannabis in Wainfleet.</p> <p>Not that this matters, but I am not a Cannabis user, but I do believe in capitalizing on opportunities.</p>
2.	<p>My wife and I, 15-year residents of Wainfleet, have reviewed the Wainfleet staff's report on Cannabis and we are fully in favour of Wainfleet opting in.</p>
3.	<p>100% yes!!! Opt in for marijuana retail in Wainfleet. Promote new business and grow our little hamlet in the centre of town. Can be done respectably and profitably!</p>
4.	<p>Just wanted to reach out and voice my support of retail cannabis stores in Wainfleet.</p> <p>For the record, I'm not a cannabis user and haven't been since high school, where it was readily available despite being illegal at the time. I don't believe having a retail store in the township will make it any easier than it already is for kids to get their hands on it.</p> <p>I believe most of the hesitation comes from the fact that this is a new path for something that has been illegal up until now. It's just a matter of time before this is as normal as beer and liquor at the local Avondale. I see it as an opportunity to encourage a new business to open up in Wainfleet, employ fleters and pay taxes. Why not get in while there are incentives from upper tier governments?</p>
5.	<p>I am a resident of Wainfleet and so is my husband.</p> <p>We are both in support of cannabis being sold in Wainfleet.</p> <p>Thank you for taking comments from the public.</p> <p>I think this would be good for our local economy, and I implore you to look beyond the out of date beliefs still held by some and take a more scientific approach. I am a business owner and professional, not some strung out junkie. Please look beyond stereotypes. There are probably more people using it than</p>

	will publicly admit to it for fear of being ostracized by the community.
6.	<p>I am writing today to encourage the township of Wainfleet to OPT IN to retail cannabis stores. As the province is only going to issue 25 licenses initially the chances are that a store will not be located in Wainfleet any time soon.* Therein there is no immediate threat of any changes to life in Wainfleet immediately.</p> <p>However Township residents of an entrepreneurial spirit should not be prevented from planning and applying to be part of his exciting new industry when further rounds of licensing allow for more stores across the Province.</p> <p>Wainfleet has a history with Cannabis. Illegal grow operations have called the area home off and on for years. The township might rather keep that history quiet but that ignores this opportunity to seize control of the Cannabis storyline in Wainfleet. It is also an opportunity to keep money spent by Wainfleet residents on Cannabis, in Wainfleet rather than it leaking out to neighbouring jurisdictions or away through the internet.</p> <p>With legalization Cannabis is just another agricultural crop and everyone knows agriculture is the heart of Wainfleet.</p>
7.	<p>Hello! As a wainfleet resident along with my family of 7 we ALL agree a cannabis retail store would BENEFIT wainfleet huge! It's legal and it WILL be sold here legally or not so might as well make it safe! Somewhere by the beach (DJ's) would be a prime location and we firmly believe it would flourish!</p>
8.	<p>I am a 47 year old taxpayer in Wainfleet married with 3 kids under six.</p> <p>I am not a Cannabis user nor plan to be one just because its legal. Unless it was needed for medical uses which due to research is proving to help many diseases and conditions.</p> <p>However I am for having Cannabis Sold in Wainfleet. Cannabis is one of the biggest growing industries in the world and Canada is out in front of everyone. Wainfleet needs traffic after the summer season is over. Cannabis sales would attract more business and people to support the sales. Its a win win. I would love to see a dispensary in Long Beach.</p> <p>Remember it is Legal and anyone can order it online and use it where it is allowed.</p> <p>Whether we want to believe it or not the Avondale or best known as the "Beervondale" is one of the most visited tourest areas all year round.</p> <p>People will continue use it.</p> <p>Councils role is not determining whether people with drive under the influence or gateway to more drugs, that is the role of the police.</p> <p>If being a gateway drug is a concern then why haven't we seen those drugs in Wainfleet due to the people already using.</p> <p>Let's be progressive and be ahead of the curve and move to selling here in Wainfleet, besides we're already growing it in massive greenhouses.</p>
9.	<p>While I don't live in Wainfleet, I do live in Dunnville a 15 min trip to the Avondale. I would love to see a Cannabis depot added as I live with debilitating pain from a of couple accidents and Cannabis is helpful for so many other medical issues, seizures, anxiety, ptsd to name a few.</p> <p>I do hope you take into consideration all the uses, thank you in advance.</p>
10.	<p>Hi an writing to express my opinion on cannabis retail in Wainfleet. I believe this is a positive step for us as far as job creation and tax revenue goes. It is legal as is alcohol so why not benefit from our own retailer. Thank you.</p>
11.	<p>I fully support to " opt in" bringing a retail store to Wainfleet.</p>

12.	I am not a user myself but I do support the business aspect of it. I'm all for creating new business opportunities anywhere so I think if it's legal then it should be available in any community (similar to alcohol), my only concern, at least while this is something relatively new, would be the safety of the customers who may be confronted by "disrespectful individuals" lurking outside of the store looking to acquire a customer's product by forcibly taking it from them so maybe having those stores located in multi-use well monitored areas might be a good thing as compared to a little store that just sells cannabis? In my mind it would almost seem safer to have cannabis available at stores that also provided other regular everyday products through a separated room/service counter such as craft supplies or stationary, beer store or even a place like a licence plates renewal center or hardware store so that cannabis buyers would not be as obvious and vulnerable because, for the most part, "parking lot dwellers" would not know for sure what the customers had purchased. I also believe that any issues arising from misuse or abuse of it's intended use should be dealt with accordingly with the irresponsible persons themselves instead of society as a whole. In other words, I believe that if cannabis were to be found in the hands of youngsters then realistically the blame should be with the irresponsible adults more so than the industry itself. (similar to alcohol).
13.	As the chance for the community to have a cannabis store comes up, I don't understand why it would be turned down. This is an opportunity for another business which will bring more tax dollars and create jobs which should always be welcome. I believe too many people look at it like an illegal drug yet most of these same people support beer and liquor and don't have a true understanding of the versatility of the plant. There are so many products that can be made from the cannabis plant and so many benefits that can be achieved. Show me something alcohol provides that is helpful. These stores or suppliers will be popping up as soon as allowed, we should step on board and go with this opportunity. Thanks.
14.	I think Wainfleet town council should accept having a Cannabis Dispensary shop in the township. It's been legalized. It's already being bought through illegitimate sources. It's a job for someone as well as a taxable business. It is our responsibility to provide crop farmers with an avenue to sell their goods and products. Thank you for your consideration.
15.	To whom this may concern, I frequently rent a cottage in the long beach area and I hear there is a chance of getting a dispensary there I would totally support that please do consider this.
16.	As a wainfleet resident i am 100% IN FAVOUR for a cannabis retail store, why would you not make wainfleet some money as its LEGAL !!!! Business would BOOM somewhere along long beach!
17.	I live in Lowbanks and frequent Wainfleet/ chambers corners often. I can't make the meeting tonight as we have one at the Lowbanks Community Centre as well but I am in favour for a dispensary to come to the area. I think it would be great for our little township. (Yes I'm blocking Wainfleet and Lowbanks together lol).
	OPT-OUT
1.	Please put down our family as NO for Pot stores in Wainfleet. You also should be looking at denying access to grow it in Wainfleet.
2.	As much as wanting to attract small business to our township, is something that would be beneficial to us, my opinion this is not the place to start. There are many other classes of small businesses we could use here. A cannabis store I feel is not a store front other retailers would want to build around. If after building a vibrant downtown retail area, you can then if desired and warranted, opt back in. We are at the beginning of our development, this enables us to do it correctly.
3.	In regards to Cannabis store in Wainfleet it's bad enough it is being grown in Wainfleet we don't need any stores
4.	Opt out - Principle of rural life style and family values are greater than money rewards !
5.	I am a mother of 3 young children here in Wainfleet, volunteer with a local church and elementary school, and work in Human Resources part time for 2 local Wainfleet small businesses.

	<p>I can not speak for all of the students, teachers, and employees I work with, but I will speak for myself and my family.</p> <p>At this time I would prefer Wainfleet to not have a location to sell cannabis. Just like I plan my grocery shopping trip because it is out of town, or plan a pharmacy trip, or plan a doctor's appointment, etc, I would like to see residents "plan" their trip to purchase cannabis instead of just "picking it up at the corner store on the way home from work".</p> <p>I know it's not a great reason, but it's my reason. I am not trying to stop the sales or stop people from partaking because I know it is their choice, I just think the medium sized cities around us have a better infrastructure and security to handle a product like this.</p> <p>I would encourage Wainfleet to not opt in to the program at this time.</p>
6.	<p>I've lived in Wainfleet for 44 years.</p> <p>There is no Walmart, Tim Hortons, Grocery store, laundry mat, dry cleaner, bakery, butcher, or shopping mall etc. here in Wainfleet.</p> <p>The last time I was in the Avondale store, our only convenience store, the cigarettes were still shielded out of sight.</p> <p>Our teens are bused out of the township to high schools and college.</p> <p>When we need to shop or purchase anything for our every day living, we leave our community and do our business and shopping in the surrounding towns. That's the way of a rural township.</p> <p>Why would we allow a marijuana outlet in our township? It doesn't make sense. We don't need it or want it .</p> <p>The store would be a very easy target because there isn't enough police presence or protection available in Wainfleet.</p> <p>Please say no to retail cannabis in Wainfleet.</p> <p>Nimby!</p> <p>I witnessed one too many drug busts in my neighbourhood.</p> <p>Thank you.</p>
7.	<p>I am shocked that this is something we are considering. I sincerely don't believe we have the services including policing support that will be required and the costs will be paid by whom? Further, introducing a retail shop like this into our small community may invite trouble that we do not need. Wainfleet has so little retail; I can't understand why we would want retail of this nature.</p>
8.	<p>This is a completely bad idea in my opinion, I can't see anything good coming from having a storefront of this nature in our town. It will bring down property values and bring in undesirable people. FIND ANOTHER WAY TO INCREASE OUR TAX BASE.THIS DEFINATELY ISNT THE RIGHT CHOICE.</p>
9.	<p>It is my opinion that Wainfleet Opt-out of letting Cannabis retail stores in Wainfleet, and possibly not allowing further legal or illegal cannabis manufacturing in Wainfleet, change the class of cannabis growing from agricultural rates to Commercial rates as cannabis growing is not a Farming operation!</p>
10.	<p>I'm not sure if this is the proper way to register my objection to the sale of marijuana in the Township of Wainfleet but,</p> <p>Anything that is mind/mood altering is not needed in this Township. We will have enough filter over from other areas to cause problems as it is. Medical marijuana is another thing. It may be a blessing to some but it can be purchased in area pharmacies where it can be controlled. We do not know the long</p>

	<p>term effect of marijuana usage on young minds but it cannot be positive. Usage of this product is considered as producing the same effect as alcohol does and there are enough impaired drivers on the road already. Wainfleet does not need to be one of the places it is okay to mess with lives and families.</p> <p>It is my understanding that very little monetary advantage would filter down from Federal to Municipal. Besides our young lives (and older ones) are not for sale.</p> <p>I will be very disappointed in this Council if it decides to allow the sale of this drug in Wainfleet, when it has the option to not allow it.</p>
11.	<p>I would oppose any retail Cannabis outlets in Wainfleet at this time. I believe that the public has been exposed to a great risk due to the legalization of recreational use of cannabis. It is my understanding that there are no simple empirical measures of impairment related to the use of cannabis. We as residents of Wainfleet should be involved in contributing to cannabis proliferation in the community.</p>
12.	<p>Unfortunately we have it growing all around us both legally and illegally – that’s enough.</p>
	<p>INDIFFERENT</p>
1.	<p>First of all thank you for letting us give our view. Second, our family talked about it at supper (four voting adults) and two of us didn't seem to care one way or the other. The other two said that they thought it would be okay.</p> <p>Thank you for letting us express our opinions.</p>
