Dear Deputy Premier Jones

**RE: Request for Review of Extended Producer Responsibilities for One-Pound
Single-Use Propane Cylinders**

Please be advised that at the Regular Council Meeting on September 2nd, 2026, Council for the Corporation of the Township of Brudenell, Lyndoch and Raglan passed the following resolution, supporting the resolution from the Township of Tudor & Cashel.

Resolution No: 2026-09-02-04
Moved by: Councillor Kauffledt
Seconded by: Councillor Banks

"Be It resolved that the Council for the Corporation of the Township of Brudenell, Lyndoch and Raglan support the Township of Tudor & Cashel's resolution regarding a request for review of extended producer responsibility for one-pound single-use propane cylinders.

And further that this resolution be forwarded to the Premier of Ontario, the Resource Productivity & Recovery Authority (RPRA) and all municipalities in Ontario."

Carried.

Sincerely,

Tammy Thompson
Deputy Clerk
Township of Brudenell, Lyndoch and Raglan

Honorable Todd McCarthy

Subject: Request for Review of Extended Producer Responsibility for One-Pound Single-Use Propane Cylinders

Dear Sir,

I am writing to request that the Ministry of the Environment, Conservation and Parks and the Resource Productivity & Recovery Authority (RPRA) undertake a review of the current regulatory framework governing one-pound single-use propane cylinders sold in Ontario.

Consumers purchasing these cylinders pay environmental stewardship or producer responsibility costs at the point of sale with the expectation that an appropriate end-of-life management system exists. In practice, however, accessible return and recycling opportunities for these cylinders are extremely limited across many parts of the province. Most retail locations that sell the cylinders do not accept them back, and consumers are often left with few or no practical disposal options.

As a result, municipalities have become the default managers of these products. Municipal waste facilities bear the responsibility, cost, and safety risks associated with collecting, storing, and managing these pressurized cylinders despite not being the producers or distributors of the product. Improper disposal also creates significant operational hazards at material recovery facilities, transfer stations, and landfills, including the risk of fires and equipment damage.

This situation appears inconsistent with the principles of Extended Producer Responsibility (EPR), which are intended to shift the financial and operational responsibility for post-consumer products from municipalities and taxpayers to producers. When consumers contribute to environmental handling costs at the time of purchase, there should be a convenient, accessible, and effective collection system available to ensure the product is managed responsibly at the end of its useful life.

I respectfully request that the Ministry and RPRA review the current requirements applicable to one-pound propane cylinders and consider the following:

- Assess whether the existing producer responsibility system provides sufficient and accessible return opportunities for consumers throughout Ontario.
- Evaluate whether the fees collected from consumers are being used to establish an effective province-wide collection and recycling network.

TUDOR & CASHEL

SECLUDED BEAUTY & CONNECTED COMMUNITY

- Require producers and retailers to provide convenient and publicly accessible take-back locations wherever these products are sold.
- Review whether municipalities are being unfairly burdened with the costs and liabilities associated with managing these products.
- Consider regulatory amendments to strengthen producer accountability and ensure the objectives of Ontario's circular economy and waste diversion policies are being achieved.

Municipalities should not be left to absorb the financial costs, operational challenges, and public safety risks associated with products for which producers have collected environmental stewardship fees. A well-functioning producer responsibility system should ensure that consumers have practical disposal options and that municipalities are not forced to subsidize the end-of-life management of these products.

I appreciate your consideration of this matter and would welcome the opportunity to discuss this issue further or provide examples of the challenges municipalities continue to face regarding the management of one-pound propane cylinders.

Thank you for your attention to this important issue.

Sincerely,

Nancy Carrol

Dear Deputy Premier Jones,

RE: Motion for Provincial Support, Funding and Coordinated Plans to Combat Tick Borne Diseases

I am writing to advise that at the Town Council meeting held on June 23, 2026, Council adopted a motion regarding requesting support to combat tick borne diseases.

The resolution reads as follows:

Whereas the prevalence of ticks, including those known to carry Lyme disease, and other Vector borne diseases have increased across Ontario;

Whereas Lyme disease diagnoses have increased by 27% in 2024 to 2369 (Public Health Agency of Canada, PHAC);

Whereas residents across Caledon have registered growing concerns about public health risks associated with tick exposure in parks, trails and residential areas;

Whereas municipalities have limited jurisdiction and resources to effectively manage tick populations on a broad ecological scale;

Whereas the Government of Ontario is responsible for public health policy, environmental management and vector-borne disease prevention and detection;

Therefore, be it resolved that:

Caledon Town Council formally requests that the Government of Ontario investigate and implement measures to reduce burgeoning tick populations and to mitigate their associated public health risks; and

THE CORPORATION OF THE TOWN OF CALEDON

6311 Old Church Road, Caledon East, Caledon, ON, Canada L7C 1J8
T. 905.584.2272 | 1.888.226.3366 | F. 905.584.1444 | www.caledon.ca | annette.groves@caledon.ca

That such measures may include safe and effective tick control methods, public education campaigns and coordinated regional strategies; and

That the Province consider increased funding and support for local public health units to address tick-borne disease prevention; and

That a copy of this motion be sent to Minister of Health, Sylvia Jones, Chief Medical Officer of Health, Kieran Moore, Minister of the Environment, Conservation and Parks, Todd McCarthy, Peel Public Health, the Toronto and Region Conservation Authority (TRCA), the Credit Valley Conservation (CVC), the Association of Municipalities of Ontario (AMO) and all 444 municipalities across Ontario.

For more information regarding this request, please contact the undersigned by email to mayor@caledon.ca or by phone at 905.584.2272 ext. 4155.

Thank you for your attention to this matter.

Sincerely,

Mayor Annette Groves
