**Re: Growth Framework to Support Canadian Municipalities
Our File 10.12.1**

Dear Honourable Justin Trudeau,

At its meeting held on September 25, 2023, St. Catharines City Council approved the following motion:

WHEREAS Canada, now reaching 40 million in population, continues to experience record-breaking growth, and as St. Catharines has been told by the Provincial government that we must build 11,000 new residential units by 2030; and

WHEREAS our country's successful growth is intrinsically linked to our cities, towns and communities; and

WHEREAS St. Catharines residents are facing acute challenges, including housing shortages, homelessness, a lack of mental health support, extreme weather events, concern for public safety and a reliance on aging infrastructure; and

WHEREAS we want our kids to play in well-kept parks and enjoy lively community centres, our businesses to transport goods on maintained municipal roads and bridges, our senior citizens to be able to live affordably, our students to have a reliable transit system, our newcomers to find suitable housing, our families to be raised in a safe and healthy environment, and our most vulnerable to have access to much-needed support; and

WHEREAS as a city we have been forced to take on roles that are outside of our traditional jurisdictions, including public health, housing and emergency services which clearly exposed the vulnerability of our local services; and

WHEREAS emerging from the pandemic, we have seen federal and provincial sales and income taxes increase rapidly while overall municipal property tax revenue has remained flat— when accounting for inflation and population growth; and

WHEREAS municipalities are operating within a 19th century revenue system based mostly on property tax collection, to respond to 21st century responsibilities and evolving needs of Canadians; and

WHEREAS municipalities manage more than 60 percent of Canada's public infrastructure yet only receive between 8 and 10 cents for each tax dollar collected; and

WHEREAS municipalities, like St. Catharines are rising to meet these challenges with leadership and innovation but are constrained by an outdated framework that was not designed for the realities of 2023; and

WHEREAS the Federation of Canadian Municipalities (FCM), representing over 2,000 municipalities big and small across the country, is the national voice for Canada's local governments; and

WHEREAS in May 2023, at FCM's Annual Conference, and with full support from the Big City Mayor's Caucus, FCM members passed a resolution outlining the need for the development of a new growth framework to support Canadian municipalities and the people who call our communities home; and

WHEREAS FCM's resolution gives FCM a mandate to:

- Declare that Canada needs a modernized growth framework for municipalities;
- Lead the development of a Municipal Growth Framework that links municipal financial capacity to challenges such as population growth and economic growth; and
- Call on the federal government to engage with FCM in the development of this framework; and

WHEREAS FCM's call for a modernized growth framework is consistent with St. Catharines' needs for increased support to deliver important local services and infrastructure to keep up with exponential growth;

THEREFORE BE IT RESOLVED that Council officially endorse FCM and the Big City Mayor's Caucus' work calling on the Federal Government to develop a modernized growth framework; and

BE IT FURTHER RESOLVED that Council include FCM's call for a modernized municipal growth framework in future advocacy efforts and material to the federal and provincial governments; and

BE IT FURTHER RESOLVED that this resolution be circulated to the Region of Niagara; local municipalities; the Prime Minister; the Honourable Chrystia Freeland, Deputy Prime Minister and Minister of Finance; MP Bittle; MP Badaway; the Premier; the Honourable Peter Bethlenfalvy, Minister of Finance; the Honourable Paul Calandra, Minister of Municipal Affairs and Housing; MPP

CC2023-303: WHEREAS in 2015 the City of Greater Sudbury (the "City") entered into a contract with a contractor experienced in road construction projects to complete a project on Elgin Street in the City's downtown core;

AND WHEREAS the contract provided that the contractor would be the constructor for the project as that term is defined in the Occupational Health and Safety Act (the "Act");

AND WHEREAS an employee of the constructor operating a grader on the project struck and killed a pedestrian;

AND WHEREAS the City was charged with offences under the Act as the constructor and the employer;

AND WHEREAS after being acquitted at trial and on appeal, the Ontario Court of Appeal, in a decision issued on April 23, 2021, found the City to be liable for contraventions of the Construction Regulations as an employer as it employed quality control inspectors to monitor the quality of work on the project from time-to-time;

AND WHEREAS the Supreme Court of Canada, in a decision issued on November 10, 2023, was evenly divided 4-4 on the issue resulting in dismissal of the City's appeal;

AND WHEREAS the consequence of this decision is that municipalities in Ontario, as well as all other owners of property in the province, who wish to undertake construction, are subject to being charged and convicted as an employer for offences in relation to project sites for which they have no control and have, in accordance with the Act, contracted with an entity to assume plenary oversight and authority over the work on such site as the constructor; AND WHEREAS the potential of an owner being charged as an employer as that term is defined in the Act in circumstances where it has engaged a constructor disregards and renders meaningless the owner-constructor provisions contained in the Act and presents an unacceptable level of increased risk and confusion for owners and contractors throughout the province;

AND WHEREAS the City believes that the safety of workers is paramount however the safety of workers on construction projects in Ontario is not increased by placing liability on parties that do not have control of and are not responsible for the conduct of the work on such sites;

NOW THEREFORE BE IT RESOLVED THAT the Council for the City of Greater Sudbury requests that the province amend the Occupational Health and Safety Act to clarify the definition of "employer" to exclude owners that have contracted with a constructor for a project;

AND BE IT FURTHER RESOLVED THAT this motion be provided to the Honourable Doug Ford, Premier of Ontario, the Honourable David Piccini, Minister of Labour, Immigration, Training and Skills Development, the Honourable Paul Calandra, Minister of Municipal Affairs and Housing, France Gelin, MPP for Nickel Belt, Jamie West, MPP for Sudbury, the Association of Municipalities of Ontario, the Federation of Northern Ontario Municipalities, Ontario's Big City Mayors, Mayors and Regional Chairs of Ontario, Northern Ontario Large Urban Mayors, the Council of Ontario Construction Associations, the Ontario Chamber of Commerce and all Ontario municipalities.

RE: Township of Ramara Resolution 2024.24
Request for Province of Ontario and AMO Social and Economic Prosperity
Review to Promote the Stability and Sustainability of Municipal Finances

Dear Minister Paul Calandra,

At their regular meeting on January 29, 2024, the Council of the Township of Ramara passed the following resolution:

WHEREAS current provincial-municipal fiscal arrangements are undermining Ontario's economic prosperity and quality of life;

WHEREAS nearly a third of municipal spending in Ontario is for services in areas of provincial responsibility and expenditures are outpacing provincial contributions by nearly \$4 billion a year;

WHEREAS municipal revenues, such as property taxes, do not grow with the economy or inflation;

WHEREAS unprecedented population and housing growth will require significant investments in municipal infrastructure;

WHEREAS municipalities are being asked to take on complex health and social challenges – like homelessness, supporting asylum seekers and addressing the mental health and addictions crises;

WHEREAS inflation, rising interest rates, and provincial policy decisions are sharply constraining municipal fiscal capacity;

WHEREAS property taxpayers – including people on fixed incomes and small businesses – can't afford to subsidize income re-distribution programs for those most in need;

WHEREAS the province can, and should, invest more in the prosperity of communities;

WHEREAS municipalities and the provincial government have a strong history of collaboration.

THEREFORE, BE IT RESOLVED THAT the Province of Ontario commit to undertaking with the Association of Municipalities of Ontario a comprehensive social and economic prosperity review to promote the stability and sustainability of municipal finances across Ontario.

AND THAT staff circulate it to MPP Jill Dunlop, applicable Ministries, and Ontario Municipalities.

I trust the above is self-explanatory; however, if you require further information or clarification, please contact me.

RE: Rural and Small Urban Municipalities – Affordability of Water and Wastewater Systems

Dear Premier Ford,

Please be advised that at the Regular Council Meeting on January 31, 2024, The County of Renfrew passed the following resolution:

WHEREAS the Provincial Policy Statement (PPS) (Section 1.6.6.2) states that municipal sewage services and municipal water services are the preferred form of servicing for settlement areas to support protection of the environment and minimize potential risks to human health and safety and that intensification and redevelopment within these settlement areas should be promoted; and

WHEREAS the PPS (Section 2.2.1 (f)) states that planning authorities shall protect, improve, or restore the quality and quantity of water by implementing the necessary restrictions on development and site alternation to protect all drinking supplies and designated vulnerable areas, and protect, improve, or restore vulnerable surface and ground water, sensitive surface water features and sensitive groundwater features, and their hydrologic functions; and

WHEREAS the PPS (Sections 2.2.1(h) and (i)) states that there is consideration of environmental lake capacity as well as stormwater management practices; and

WHEREAS the Ministry of the Environment, Protection and Conservation (MECP) Procedural Guideline B-1-5 Policy 2 provision states that water quality which presently does not meet the Provincial Water Quality Objectives shall not be further degraded and all practical measures shall be undertaken to upgrade the water quality to the Objectives; and

WHEREAS in 2014 the Township of Whitewater Region authorized Jp2gConsultants Inc. to undertake a Municipal Class Environmental Assessment (EA) for the purpose of evaluating viable options to upgrade the 1979 Cobden Wastewater Treatment Plant. This plant did not meet guidelines for effluent flow into Muskrat Lake and Cobden Wetland being highly sensitive, at-capacity, inland lake, and Provincial Significant Wetland (PSW) and acknowledged as one of

the most eutrophic in the province. The plant had ongoing seasonal overflow events, and was operating at maximum capacity; and

WHEREAS in 2018 the Council of the Township of Whitewater Region approved the construction of a new parallel mechanical system that would meet all provincial environmental and regulatory requirements including accommodating future growth. Federal and provincial contributions only covered 50% of the final construction costs, as there was no ability to renegotiate with federal and provincial partners once real costs were known. As a result, the balance of costs (\$6M) was debentured over 30 years at interest rates that are slightly punitive to rural and small urban municipalities; and

WHEREAS in 2019 the Council of the Township of Whitewater Region conducted a Water and Wastewater Rate Study that demonstrated the need for rate increases of over 100% to fund the new wastewater treatment plant construction debenture and the significantly increased operating costs for a parallel mechanical system. Rural and small urban municipalities experience very limited growth as federal and provincial policies heavily support growth in urban centers. As there are no other sources of available operational funding, rural and small urban municipalities are expected to fund the construction and operation of these state-of-the-art systems from existing property owners and nominal forecasted growth; and

WHEREAS in 2023 the Township of Whitewater Region combined water and wastewater rates have risen to almost \$3,000/year for its five hundred and eleven (511) users and are among the highest in the County of Renfrew and across the Province of Ontario. There are similarly high user rates in the Township of Madawaska Valley as a result of Provincial regulations and a small number of users. Other examples of rapidly increasing rates include the Towns of Deep River, Renfrew, Arnprior, Laurentian Hills, and Petawawa, and the Townships of Bonnechere Valley, Laurentian Valley and Killaloe, Hagarty and Richards, where significant upgrades in short periods of time are making rates unaffordable even with an increased number of users.

NOW, THEREFORE BE IT RESOLVED THAT the Council of the County of Renfrew:

Advocate to the provincial and federal levels of government to make them aware that rural and small urban water and wastewater systems are financially unsustainable; and Advocate to the Association of Municipalities of Ontario (AMO), the Rural Ontario Municipalities Association (ROMA) and the Federation of Canadian Municipalities (FCM) to examine if the unaffordability of water and wastewater system operational costs is systemic provincially and nationally.

AND THAT a copy of this resolution be circulated to The Honourable Doug Ford, Premier of Ontario; the Honourable Kinga Surma, Minister of Infrastructure (Ontario); the Honourable Dominic LeBlanc, Minister of Intergovernmental Affairs, Infrastructure and Communities (Canada); the Honourable Paul Calandra, Minister of Municipal Affairs and Housing, the Honourable Andrea Khanjin, Minister of the Environment, Conservation and Parks (Ontario), Cheryl Gallant, MP, Renfrew-Nipissing-Pembroke, John Yakabuski, MPP, Renfrew-Nipissing-Pembroke and Parliamentary Assistant to the Minister of the Environment, Conservation and Parks; AMO; ROMA; FCM; and all Municipalities in Ontario.

If you have any questions regarding the above resolution, please do not hesitate to contact me.

Re: Resolution for Support – Township of Clearwater – Cemetery Transfer, Abandonment, Administration and Management Support

To Whom It May Concern,

The Council of the Corporation of the Town of Arnprior at their February 12th, 2024 Regular Council Meeting passed the following resolution:

That Council of the Corporation of the Town of Arnprior receive the correspondence from the Township of Clearwater, Township of Wainfleet, Town of Plympton-Wyoming and Municipality of Calvin as information;

Whereas the *Funeral, Burial and Cremation Services Act* (“Act”) regulates the establishment, operation, maintenance and abandonment of cemetery sites across the Province of Ontario;

Whereas the Act currently requires the local municipality in which a cemetery is located to become the owner and operator of cemeteries that are abandoned within their municipal borders;

Whereas the Town of Arnprior currently operates two (2) cemeteries, being the Albert Street Cemetery and the Malloch Road Cemetery, and the Town is aware of one additional privately owned and operated cemetery located within Town’s borders (Oblates Cemetery);

Whereas cemeteries are important infrastructure for local communities and the reasonable costs for interment rights, care and maintenance funds, burials, monument installations and administration charges do not sufficiently support the full operations of municipal cemeteries;

Whereas the interest earned from the care and maintenance funds of a cemetery do not provide adequate funding to maintain the cemetery with the rising costs of cemetery operations;

Therefore Be It Resolved That Council requests that the Province of Ontario, through the Ministry of Public and Business Service Delivery and the Bereavement Authority of Ontario (BAO), consider the following recommendations to assist in the long-term management of cemeteries:

- Provide stable and sustainable annual funding to municipalities to assist with the maintenance of active and inactive cemeteries; and
- Provide free training opportunities for municipalities regarding cemetery administration;

Further That a copy of this resolution be sent to the Premier of Ontario, Minister of Public and Business Service Delivery, the Bereavement Authority of Ontario (BAO), and the Member of Provincial Parliament (MPP) for Renfrew-Nipissing-Pembroke.

RE: Municipal Equipment Operator Course

Dear Minister Piccini,

Please be advised that at the Regular Council Meeting of February 6, 2024, the council of the Municipality of Powassan passed the following resolution:

WHEREAS municipal public works departments from across the Province of Ontario provide invaluable services to our communities ensuring the health and safety of all residents;

AND WHEREAS, if it was not for our municipal public works employees from across the Province of Ontario maintaining our public roads systems, our communities would not be able to function as emergency personnel could not respond to calls, school buses could not get our children to school, residents would not be able to get to work, school or appointments and many more basic functions would not be able to happen;

AND WHEREAS, municipal public works departments are already feeling the impacts of a labour shortage, which will only be exasperated over the next three to five years, which will cause levels of service municipalities are able to provide to ensure the health and safety of our residents to decrease;

AND WHEREAS, there is currently no provincial-wide course that properly trains potential municipal public works employees, specifically relating to municipal heavy equipment.

THEREFORE, IT BE RESOLVED, that the Municipality of Powassan supports the work of the Association of Ontario Road Supervisors to develop a Municipal Equipment Operator Course to address this issue;

AND THAT, the Council of the Municipality of Powassan calls on the Province of Ontario's Ministry of Labour, Training, Immigration and Skilled Trades to fully fund the Municipal Equipment Operator

REGULAR COUNCIL MEETING

RESOLUTION

Tuesday, November 7, 2023

Resolution # RC23265	Meeting Order: 10
Moved by: <i>Cathy Cannon</i>	Seconded by: <i>J. Mal</i>

WHEREAS Canada has 90,000 volunteer firefighters who provide fire and all hazard emergency services to their communities; in addition, approximately 8,000 essential search and rescue volunteers respond to thousands of incidents every year; and

WHEREAS many of these individuals receive some form of pay on call, an honorarium, or are given some funding to cover expenses, but they do not draw a living wage from firefighting; and;

WHEREAS without volunteer firefighters and search and rescue volunteers, thousands of communities in Canada would have no fire and emergency response coverage; and;

WHEREAS in 2013, the federal government initiated a tax credit recognizing these individuals, and calling on the federal government to increase this tax credit from \$3,000 to \$10,000; and;

WHEREAS volunteer firefighters account for 71% of Canada's total firefighting essential first responders;

- The tax code of Canada currently allows volunteer firefighters and search and rescue volunteers to claim a \$3,000 tax credit if 200 hours of volunteer services were completed in a calendar year;
- This works out to a mere \$450 per year, which we allow these essential volunteers to keep of their own income from their regular jobs, \$2.25 an hour;
- If they volunteer more than 200 hours, which many do, this tax credit becomes even less;
- These essential volunteers not only put their lives on the line and give their time, training and efforts to Canadians, but they also allow cities and municipalities to keep property taxes lower than if paid services were required;

- It would also help retain these volunteers in a time when volunteerism is decreasing.

THEREFORE BE IT RESOLVED THAT the Council of the Corporation of the Municipality of Wawa call upon the Government of Canada to support Bill C-310 and enact amendments to subsections 118.06 (2) and 118.07 (2) of the Income Tax Act in order to increase the amount of the tax credits for volunteer firefighting and search and rescue volunteer services from \$3,000 to \$10,000; and;

CC2023-303: WHEREAS in 2015 the City of Greater Sudbury (the "City") entered into a contract with a contractor experienced in road construction projects to complete a project on Elgin Street in the City's downtown core;

AND WHEREAS the contract provided that the contractor would be the constructor for the project as that term is defined in the Occupational Health and Safety Act (the "Act");

AND WHEREAS an employee of the constructor operating a grader on the project struck and killed a pedestrian;

AND WHEREAS the City was charged with offences under the Act as the constructor and the employer;

AND WHEREAS after being acquitted at trial and on appeal, the Ontario Court of Appeal, in a decision issued on April 23, 2021, found the City to be liable for contraventions of the Construction Regulations as an employer as it employed quality control inspectors to monitor the quality of work on the project from time-to-time;

AND WHEREAS the Supreme Court of Canada, in a decision issued on November 10, 2023, was evenly divided 4-4 on the issue resulting in dismissal of the City's appeal;

AND WHEREAS the consequence of this decision is that municipalities in Ontario, as well as all other owners of property in the province, who wish to undertake construction, are subject to being charged and convicted as an employer for offences in relation to project sites for which they have no control and have, in accordance with the Act, contracted with an entity to assume plenary oversight and authority over the work on such site as the constructor; AND WHEREAS the potential of an owner being charged as an employer as that term is defined in the Act in circumstances where it has engaged a constructor disregards and renders meaningless the owner-constructor provisions contained in the Act and presents an unacceptable level of increased risk and confusion for owners and contractors throughout the province;

AND WHEREAS the City believes that the safety of workers is paramount however the safety of workers on construction projects in Ontario is not increased by placing liability on parties that do not have control of and are not responsible for the conduct of the work on such sites;

NOW THEREFORE BE IT RESOLVED THAT the Council for the City of Greater Sudbury requests that the province amend the Occupational Health and Safety Act to clarify the definition of "employer" to exclude owners that have contracted with a constructor for a project;

AND BE IT FURTHER RESOLVED THAT this motion be provided to the Honourable Doug Ford, Premier of Ontario, the Honourable David Piccini, Minister of Labour, Immigration, Training and Skills Development, the Honourable Paul Calandra, Minister of Municipal Affairs and Housing, France Gelin, MPP for Nickel Belt, Jamie West, MPP for Sudbury, the Association of Municipalities of Ontario, the Federation of Northern Ontario Municipalities, Ontario's Big City Mayors, Mayors and Regional Chairs of Ontario, Northern Ontario Large Urban Mayors, the Council of Ontario Construction Associations, the Ontario Chamber of Commerce and all Ontario municipalities.
