WHEREAS election rules need to be clear, supporting candidates and voters in their electoral participation and election administrators in running elections.

WHEREAS legislation needs to strike the right balance between providing clear rules and frameworks to ensure the integrity of the electoral process,

WHEREAS the legislation must also reduce administrative and operational burden for municipal staff ensuring that local election administrators can run elections in a way that responds to the unique circumstances of their local communities.

WHEREAS the *Municipal Elections Act, 1996* (MEA) will be 30 years old by the next municipal and school board elections in 2026.

WHEREAS the MEA sets out the rules for local elections, the *Assessment Act, 1990* and the *Education Act, 1990* also contain provisions impacting local elections adding more places for voters, candidates, and administrators to look for the rules that bind the local democratic process in Ontario.

WHEREAS with rules across three pieces of legislation, and the *MEA* containing a patchwork of clauses, there are interpretation challenges, inconsistencies, and gaps to fill.

WHEREAS the Act can pose difficulties for voters, candidates, contributors and third-party advertisers to read, to interpret, to comply with and for election administrators to enforce.

WHEREAS while local elections are run as efficiently and effectively as can be within the current legislative framework, modernization and continuous

improvement are needed to ensure the Act is responsive to today's needs and tomorrow's challenges.

WHEREAS to keep public trust and improve safeguards the Act should be reviewed considering the ever-changing landscape which impacts elections administration including privacy, the threats of foreign interference, increased spread of mis/disinformation and the increased use of technologies like artificial intelligence and use of digital identities.

WHEREAS the Association of Municipal Managers, Clerks, and Treasurers of Ontario (AMCTO) reviewed the Act and has provided several recommendations including modernizing the legislation, harmonizing rules, and streamlining and simplifying administration.

AND WHEREAS AMCTO put forward recommendations for amendments ahead of the 2026 elections and longer-term recommendations for amendments ahead of the 2030 elections.

THEREFORE BE IT RESOLVED THAT Council of the Corporation of the Township of Lake of Bays calls for the Province to update the MEA with priority amendments as outlined by AMCTO before Summer 2025 and commence work to review and re-write the MEA with longer-term recommendations ahead of the 2030 elections.

To Whom it May Concern:

Please be advised that the Council of the Corporation of the Town of Smiths Falls passed the following resolution at their September 3rd, 2024 Council meeting:

WHEREAS the state of health care in Ontario is in crisis, with 2.3 million Ontarians lacking access to a family doctor, emergency room closures across the province, patients being derostered and 40% of family doctors considering retirement over the next five years; and WHEREAS it has becoming increasingly challenging to attract and retain an adequate healthcare workforce throughout the health sector across Ontario; and WHEREAS the Northern Ontario School of Medicine University says communities in northern Ontario are short more than 350 physicians, including more than 200 family doctors; and half of the physicians working in northern Ontario expected to retire in the next five years; and WHEREAS Ontario municipal governments play an integral role in the health care system through responsibilities in public health, long-term care, and paramedicine. WHEREAS the percentage of family physicians practicing comprehensive family medicine has declined from 77 in 2008 to 65 percent in 2022; and WHEREAS per capita health-care spending in Ontario is the lowest of all provinces in Canada, and WHEREAS a robust workforce developed through a provincial, sector-wide health human resources strategy would significantly improve access to health services across the Province;

NOW THEREFORE BE IT RESOLVED THAT the Council of The Corporation of the Town of Town of Smiths Falls urge the Province of Ontario to recognize the physician shortage in Bradford West Gwillimbury and Ontario, to fund health care appropriately and ensure every Ontarian has access to physician care; and BE IT FURTHER RESOLVED that a copy of this resolution be circulated to the Premier of Ontario, Hon. Doug Ford; our local Member of Provincial Parliament, Hon. Caroline Mulroney, the Minister of Health, Hon. Sylvia Jones; and all Ontario municipalities.

Please do not hesitate to contact me with any questions and/or concerns.

Yours truly,

Kerry Costello

Member Motions - Meeting 19

MM19.5	ACTION	Adopted		Ward: All
--------	--------	---------	--	-----------

Requesting the Province to Support Family Physicians - by Councillor Dianne Saxe, seconded by Councillor Mike Colle

City Council Decision

City Council on June 26 and 27, 2024, adopted the following:

1. City Council request the Minister of Health to take immediate action to:
 - a. properly compensate family physicians with appropriate fee increases; and
 - b. reduce the administrative burden that the Province places on family doctors so they have more time to see their patients.
2. City Council forward City Council’s decision to the Premier of Ontario, the Minister of Health, the Association of Municipalities of Ontario, and the municipal Clerks of Ontario's municipalities.
3. City Council request a direct response from the Minister of Health within 30 days.

Summary

On May 13, 2024, the City of Belleville set a good example by passing a resolution calling upon the provincial government to improve compensation and reduce administrative burden for Ontario’s family physicians. Toronto should do the same.

The Province of Ontario is responsible for providing quality health care to all residents of Ontario. Family medicine is the backbone of the healthcare system and providing timely access to a primary health care provider for everyone in Ontario, is essential and should be a top Provincial Government priority. Instead, the shortage of family physicians has reached a crisis point.

Millions of Ontario residents, and hundreds of thousands of Torontonians, do not have a family doctor. Studies show that patients without a primary care provider have poorer health outcomes while costing the health care system more. Meanwhile, hospitals, emergency rooms and clinics are overloaded by residents’ unmet health care needs.

The Province of Ontario could address this issue quickly and efficiently by paying fair wages to family physicians and by lessening the undue administrative burden this provincial government imposes on family doctors.
